# IPOS International Standard of Quality Cancer Care

1. Quality cancer care must integrate the psychosocial domain into routine care;
2. Distress should be measured as the 6th Vital Sign after temperature, blood pressure, pulse, respiratory rate and pain.

*Details on [www.ipos-society.org](http://www.ipos-society.org)*

# How to Endorse

By endorsing the IPOS Standard, your organisation will be supporting the efforts of IPOS to improve the international standard of care and advance the overall goals of cancer organizations world-wide.

Go to [www.ipos-society.org](http://www.ipos-society.org) to download an endorsement letter today!

*Alternatively, letters can be addressed to Maggie Watson, PhD,  
President of IPOS, on your organisation's letterhead, and sent to  
Alison Holcomb at [info@ipos-society.org](mailto:info@ipos-society.org) or  
154 Hansen Road, Suite 201, Charlottesville, VA 22911 USA.*

*IPOS would be honored to include your endorsement and logo on its website.*
